## A Message from the President

The College of Staten Island, a comprehensive senior college of The City University of New York, offers a beautiful educational setting to a diverse population of 12,000 students. Our mission is to guide and assist our students in their intellectual, personal, and ethical development, enriching their lives and preparing them for meaningful participation in society. We are committed to the generation of knowledge as well as to its dissemination, and to providing public and cultural services to the City and State of New York.

CSI FACTS 1998-99 offers important information about our academic programs, students, faculty, administration, campus facilities, and tuition and fees. I am proud to share this information about the College of Staten Island/CUNY and welcome your continuing interest and support.

## The Campus

Completed in 1994, the 204-acre campus of CSI/CUNY is the largest site for a college in New York City. The campus, centrally located on Staten Island, comprises fourteen renovated neo-Georgian buildings and five new special purpose buildings set in a park-like landscape.

The academic buildings house 300 classrooms, laboratories and instructional spaces, study lounges, department and program offices, and faculty offices. Our attractive learning environment includes state-of-the-art facilities: the Astrophysical Observatory; the Biological Sciences/Chemical Sciences building for teaching and research; the Campus Center, the hub of student activities; the Center for the Arts, housing undergraduate and graduate programs in the arts as well as superb public spaces; the Library, enhanced by computer data-based operations and Media Services, a concentration of pedagogical multi-media materials made accessible throughout the campus via a fiber-optic network; and the outstanding Sports and Recreation Center and athletic fields that are open also to the public through membership.

<b>Total</b>	<b>1,741</b>	<b>100%</b>

Since our founding in 1976, the number of degrees awarded by CSI is 35,000.

It is estimated that one-third of Staten Island households have a connection to CSI -- current or past -- as students or employees. Although the impact of our graduates on the local economy is not quantifiable, we know that the level of income increases significantly with each level of educational attainment.

### Economic Impact

Approximately 65% of CSI employees live on Staten Island and the estimated total annual expenditures by employees on Staten Island is \$11.8 million; the estimated local expenditures by CSI students is \$8.6 million; and the College itself spends about \$1.2 million on Staten Island for goods, services, and utilities.

In the year 1997-1998, faculty of CSI were awarded approximately \$6 million in grants from outside sources, governmental and private.

For the school year 1998-1999, students of CSI were awarded approximately \$200,000 in scholarships, funded by yearly gifts and endowments.
